

4inch Blue Lightsticks Designed for Deepwater Fishing

These 4 Inch Blue Gloweez Light Sticks give off a huge amount of light that will guarantee the best catch of Deep Sea Fish.

Attached near your bait the fish will be able to see this light for probably 50 metres or so and will increase your chances of attracting a prize table or gamefish.

Professional Fisherman also use these on longlines for catching Tuna and Broadbill.

Each Glowstick will glow for over 12hrs.

Also great for parties.
