

Giant Squid Teaser / Lure. Chokka13" UV PINK

Game Fishing Teasers just got a whole lot cooler with the introduction of the Richter Lures Chokka Squid.

Measuring 13 inches these squid are not the usual teaser squid you'd expect to find, these Chokka Squid are Super Sized.

Made with Richter Lures famous UV Additives these teaser squid literally light up when placed in UV light.

Very cool, very original and extremely effective as a teaser in a chain with other small squid and rattlers.
