

1 x 2.5m Shotgun Rigger Pole.

2.5m Fibreglass Outrigger Pole by Henderson Australia

1 x 2pc Black Fibreglass Shotgun Rigger Pole.

2.5m total length. This pole is made up of 2 pcs, they slot together and are held in place by a stainless steel eye bolt. This purchase also includes the eye bolt for the centre of the pole and one for the tip.

Outside diameter of the base of the pole is 28mm so will fit into any regular rocket launcher or rod holder. To complete the pole you can simply glue a fishing rod gimbal to the base of the pole and it will lock into your rocket launcher just like a fishing rod.

See outrigger bases section for Shotgun Rigger Bases.

(picture shows two poles however purchase is for one outrigger pole)

Price: \$149.95
