

Pakula Micro Cockroach - Hot frigate. Must have Pakula Lure

The "Mighty" Micro Cockroach works well in all trolling positions. Though primarily a short rigger lure since the introduction of the rest of this range which are better in the other trolling positions.

The Micro Cockroach has an aggressive action that hugs the water at all trolling speeds and will work fine in all weather conditions.

This lure has gained an enormous reputation, quite simply because it works so well.

Lure length: 7 inches

Colour: Hot frigate

Should you want a Pakula colour that we don't have listed on our website simply order the closest colour match and in the comments section at checkout put a note of the colour you'd like to swap to.
