

Shark Rig, 13/0 Hook. 650lb wire. Makos, Bull Sharks, Hammerheads

Shark Rig.

This rig is made from stainless steel 650lb 316ss Nylon coated wire and a 13/0 stainless circle hook.

The perfect rig for chasing big sharks. The first 20cm of the rig is doubled and twisted to double the resistance to bit offs. We also attach a 4/0 Crane swivel to eliminate twist when retrieving baits and winding in beasts.

2m in length. If you need a different length please email us, we're happy to custom make rigs.
