

9" Squid - Striker Squid. Deadly teasers

Rubber Squid are some of the best teasers money can buy. They're cheap, very resistant to strikes and cheap as chips.

A daisy chain of 4-5 Rubber Squid and a bird teaser on the front is one of the best all time teasers for sailfish, marlin and tuna.

This Striker Squid is 9 inches in length and look so tasty you'll want to bbq it.

These are exactly the same squid used in the well known Flippy Floppy Thing by Squidnation.

Purchase is for 1 x 9" squid as pictured.
