

## Hal Lock Outrigger Snubber - twin line

Hal Lock Outrigger Snubber - Suits running 2 outrigger lines per pole. (pictured centre)

Stop your halyard line from "creeping" down for good!

Marine & Outdoor Products' Hal Lock Outrigger Shock Cords eliminate the need to rubber band your halyard lines together once you have them in place.

Simply pull the locking lever back and the halyard line is pushed into the softer neoprene insert locking it in place.

Sold individually. (price for 1pc)

Made of UV resistant Nylon and Stainless Steel hardware to give you years of reliable use.

Made for use with [2mm line, also available in our store](#)
