

Deep Sea / Deep Drop Rig. Blueeye, Gemfish, Harpuka

Deep Sea Rig

GLOW Squids

Blue Eye Cod, Bass groper, Gemfish, Deep Sea Rig for Ooglies!!

I designed this rig for the days when the Tuna and Marlin off Sydney aren't about. It's made to clip straight onto the snap swivel on your game rod or for those with electric reels this rig is ready to roll.

This rig is made from 350lb Jap Grade Mono Leader, 3 x Stainless Steel 14/0 Tuna Circle Hooks and Ultra Glow Squid. It will easily handle a 15-20kg fish.

No sinkers are supplied but generally two big snapper sinkers or a chunk or scrap steel will do the trick.
