

Richter Soft Grassy 5 Pack. Deadly all round lures. Free Bag

Without a doubt, the Richter Soft Grassy is the secret weapon of choice for targeting billfish. They're successful with every position in the spread, however the long corner is always my favourite.

Best results have been running them between 8 and 9 knots, however don't be scared to crank up the speed a little. These lures hold remarkably well. They've even hooked sailfish and marlin around the 14 knot mark whilst travelling between different locations.

The proportions of the lure, colour ranges available, matched with the softhead design drive billfish crazy.

Make sure you run at least one in your spread and you'll see the results for yourself.

Length: 8 inches

Purchase is for 5 assorted random colours, these will more than likely vary from the pictures.

FREE Lure pouch included in purchase

Price: \$149.95

Weight

0.55kg
